

<b>BORSIG - STATOIL</b>	
<b>BORSIG - PPCoN</b>	
<b>BORSIG - Shell</b>	
<b>Gazprom, Russia</b>	clad welding of ball plugs 30" - 42"
<b>Saline Water, Saudi Arabia</b>	
<b>Saudi ARAMCO</b>	
<b>STATOIL Belgium</b>	
<b>BORSIG - British Gas</b>	clad welding of ball plugs
<b>RMT</b>	special steel constructions
<b>ITAG - STATOIL</b>	subsea actuator replacement tool
<b>BORSIG - STATOIL</b>	re-construction, 40" ball valves
<b>MIRE s.r.l./ENI - AGIP</b>	servicing of ball valves
<b>Positron/Elektrochimpribor</b>	lathe and grinding machine for ball plugs up to 2,5 m
<b>Dow Chemical/Dorsch Consult</b>	fire safe test
<b>ILF Polska</b>	damage assessment of ball valves
<b>TB Kleinert - Serverin</b>	construction and calculation of scraper chiller
<b>Siemens Westinghouse</b>	manufacture of diaphragms for combustion turbines
<b>HS Cooler</b>	welding of chiller bodies
<b>Dantorque</b>	construction of parts for subsea projects construction of subsea intervention tools
<b>SHT</b>	welding of parts "PREFIS"
<b>Siemens KWU</b>	development of laser welding techniques
<b>Nordex</b>	test frame for rotor blades vibration dampers for rotor blades
<b>ITAG</b>	clad welding of ball valve components
<b>Kloska</b>	refurbishment of marine Diesel pistons
